Education

Master of Arts, Sociology

Anticipated May 2027

Washington University, St Louis, MO.

Bachelor of Science, Social Sciences

May 2025

Emphasis: Psychology and Sociology

GPA: 3.87

Minor: Gender Studies

Boise State University, Boise, ID.

Research Experience

Mentored Research Collaboration,

Aug 2025 – Current

Washington University in St Louis, St Louis, MO.

Project: Doctors as Conduits or Targets

PI: Dr. Elizabeth Chiarello

- Work in progress...

Research Assistant, Syringa State Community Research Lab,

Feb 2025 – Aug 2025

Boise State University, Boise, ID.

Project: Boise Free Meal Program

PI: Dr. Vanessa Fry

SSCRL Directors: Dr. Arthur Scarritt and Dr. Michael Kreiter

- Scheduled several hour-long focus groups with parents of students in the Boise School District.
- Roughly transcribed interview data.
- Analyzed focus group transcripts to identify key patterns and themes relevant to the benefits of free breakfasts and lunches.
- Combined research findings into an analysis paper for our partners, the Idaho Policy Institute.

Research Assistant, AIROE,

Dec 2024 – April 2025

Boise State University, Boise, ID.

Project: AI in Research Optimized Ethically (AIROE)

PI: Dr. Vicken Hillis

- Coordinated and scheduled interviews with academic research faculty as part of a qualitative research study.
- Conducted semi-structured interviews, ensuring adherence to ethical and methodological standards.
- Transcribed interview data with precision and efficiency, supporting qualitative data analysis.
- Participated in regular project meetings for procedural updates and collaborative debriefings.

Student Researcher, Intermountain Social Research Lab,
Boise State University, Boise, ID.

Aug 2024 – May 2025

Project: Women against merit PI:

Dr. Arthur Scarritt

- Extensive literature was read and reviewed for the theoretical framework of neoliberalism, meritocracy in higher education, and masculinity.
- Conducted over 20 qualitative interviews with three other student researchers.
- Transcribed interviews.
- Analyzed and found patterns within the interviews using interview coding tool, NVivo.
- Concluded that students' meritocratic mindsets reinforce systemic sexism in higher education through the belief in women's modern-day privilege.
- Presented at the 2025 Pacific Sociological Association Conference on a panel.

Independent researcher, McNair Scholars Program,
Boise State University , Boise, ID.

Aug 2023 – Aug 2024

Project: Gendered Disparities in the Idahoan LGBTQ+ Community

Mentor: Dr. Lisa McClain

- Conducted a literature review of LGBTQ+ history.
- Observed and collected archival information through the Boise State Archives.
- Conducted an Oral History independently.
- Transcribed and formatted an hour-long Oral History.
- Analyzed data for patterns of sexism in the Idahoan LGBTQ+ Community.
- Presented project findings at multiple conferences.

Student Researcher, Intermountain Social Research Lab,
Boise State University, Boise, ID.

Aug 2023 – May 2024

Project: The Great Decline in Higher Education: All Roads Lead to Neoliberal Feminism PI:

Dr. Arthur Scarritt

- Extensive literature was read and reviewed for the theoretical framework of neoliberalism and neoliberal feminism.
- Conducted over 20 qualitative interviews with two other student researchers.
- Transcribed interviews.
- Analyzed and found patterns within the interviews using the interview coding tool, MAXQDA.
- Concluded that neoliberal feminism was present in our neoliberal higher education in a research paper.
- Presented at the Gender and Sexualities roundtable at the 2024 Pacific Sociological Association Conference.

Student Researcher, Department of Sociology,
Boise State University, Boise, ID.

Spring 2023

Project: Poor Education leading to Poor Choices

Professor: Dr. Michael Kreiter

- Collected statistical data on teen pregnancies and sex education in the United States.
- Combined data using RStudio to find a correlation between teen pregnancies and the quality of sex education.
- Finalized research with writing a white paper on findings that showed us lower quality education seems to be correlated with teen pregnancies.
